

The Weight of Science

47

Over 100 credible scientific and consumer groups support Community Water Fluoridation, including:

1. The American Academy of Pediatrics
2. The American Dental Association
3. The American Medical Association
4. The Centers for Disease Control and Prevention
5. The World Health Organization

Not a single credibly recognized scientific group in the world OPPOSES community water fluoridation.

Please listen to the credible scientific experts that are trained and credentialed in this area.

Dr. Connett does not have these credentials. He is trained as a chemist whose area of expertise is in Waste Management.
